WHO ARE WE?

Rooted Rural is heavily concentrated in the Appalachian mountain range as well as in Texas and Arkansas. Employment in the forestry industry is common, and *Rooted Rural* residents live in many of the heavily forested regions of the country. Nearly 9 of 10 residents are non-Hispanic whites. This group enjoys time spent outdoors, hunting, fishing, or working in their gardens. Indoors, they enjoy watching television with a spouse and spending time with their pets. When shopping, they look for American-made and generic products. These communities are heavily influenced by religious faith, traditional gender roles, and family history.
